Report on the status of all uncompleted rulemaking described on previous calendars:
On May 12, 2016, the Division of Measurement Standards conducted a pre-rulemaking workshop to develop regulatory language to further refine, clarify, and make consistent the specifications, standards, advertising, labeling, and method of sale requirements for fuels, lubricants, and automotive products under its jurisdiction. The National Conference on Weights and Measures is reorganizing, updating, and amending sections of Handbook 130 published by the National Institute of Standards and Technology, regarding the method of sale for automotive products. The 2019 Law & Regulations Committee proposal of Section 3. Method of Sale of Fuels, Lubricants, and Automotive Products, necessitates additional changes to this rulemaking file. This regulation has not been published. It is still being researched and developed.

SB 1504 (Statutes of 2018, Chapter 903) removed the statutory requirement for Savings Plus to offer specific investment options, including annuity products. This amendment would remove similar requirements from Savings Plus regulations and instead harmonize the regulation with the investment requirements currently found in the Savings Plus Plan Documents and the Government Code.

Most of the travel rules became effective over two decades ago and have not been updated to remove archaic language (vouchers, telegrams, etc.) or reflect current rates (Federal Standard Mileage Rate, etc.) and/or policy (defines "incidentals" instead of referring to current Internal Revenue Service definition, etc.). The Department of Human Resources proposes to (1) remove archaic language, (2) change rate specific language to reference, but not include, current rates, and (3) update policy, as appropriate.
